SUBJECT:

DOCKET NO. 2007-377-E - Application of South Carolina Electric and Gas Company for Approval to Conduct Forest Management Activities on Property at the VC Summer Nuclear Station - Discuss this Matter with the Commission.

COMMISSION ACTION:

South Carolina Electric & Gas Company has informed the Commission that it plans to conduct certain forest management activities on approximately 186 acres and on an additional tract twenty-five feet wide and one-quarter mile long, both located on the site of the VC Summer Nuclear Station. I move that we approve the Company's plan to record the gain associated with the sale of timber in FERC Account 456.0100 (Other Electric Revenue), and affirm that this timber harvesting does not constitute "commencing to construct" a major facility as defined in 58-33-20(3) of the Siting Act.
